

- Ultimate No Brainer Fundraiser -

Hey Naper Families!

Do you want to sell clothes? Candy? Wrapping paper? Neither do we!

Naper Home & School is trying something new to replace our Adult Clothing Resale. Instead of a typical fundraiser, **we're reaching out to you for \$\$ donations**. No selling! No volunteering!

We're hoping this donation drive will be a quick, easy way for everyone to contribute. Our goal is \$3,000 (or more) to support our Home & School budget.

Benefits to you ...

- No volunteering needed!
- You don't have to leave your house!
- It's really quick and easy!
- No asking family and friends to help out or buy stuff .
- Your contributions are tax deductible.

Home & School uses the funds we raise to...

- Purchase teacher wishlist items, like STEAM materials and cool rocking chairs for the LC
- Pay for student field trips
- Fund popular all-school activities, like Science Fair, Mini Courses, Field Day and more
- Subsidize the cost of the Sweetheart Dance and Mother/Son Sports Event
- Finance extra assemblies for the kids to enjoy
- And much more!

Why no Clothing Resale? The annual Adult Clothing Resale has been a big fundraiser for Naper Home & School for many years, but it required 100+ volunteer hours to set up, work the sale and clean up. The students couldn't use the gym for several days, and it raised safety concerns with many people in the building during school hours. So, we're trying this \$\$ donation drive instead.

THANK YOU for your generous support of our students and Naper School!

Whatever you can contribute, we appreciate ... **every dollar counts!**

Please return this form with your cash or check donation to school by **Friday, November 16**.

Place it your child's red folder or drop it off at the school office.

I would've spent money on a babysitter if I volunteered at the Clothing Resale!

My time is worth \$\$, and our kids need their gym!

It's important for our teachers to have awesome materials to teach our kids!

I'm happy to donate to our school, and it's a tax deduction!
